

Each week we have chosen a theme for learning. This week's theme is 'independence' and during this week our tasks have been designed to help all our pupils develop the key skills necessary for independence.

### **Friday Timetable:**

Please see below for our suggested timetable of lessons for today, this timetable is designed to mirror what we would have been doing in lessons in school.

**9am – 9:30am – Work out and exercise.**

<https://www.youtube.com/user/thebodycoach1/>

**9:30am – Morning Zoom.**

**Lesson 1: English 9:45- 10:45**

Access Rapid Readers at

<https://www.activelearnprimary.co.uk/login?e=-1&c=0#rapid>

Your username is your first name and surname separated by a dot, e.g. joe.leppington

The password is password123

The school code is exyc

**Lesson 2: Maths. 10:45am – 11:45 am**

For today's Maths lesson you are going continue to explore setting a budget.

First take a piece of paper. On your sheet of paper you need to make the headings:

Savings:

Housing:

Groceries:

Entertainment:

Pets:

You need to choose what house you'd like to rent. If you choose a more expensive house that means you might not be able to have as many "wants" like pets or dinners out.

Think about what's important to you.

Your income is £2,000. Your expenses cannot go over £2,000.

Cut out each item you want and PLACE them underneath your headings. Add up each section and then total each section to make sure you have stayed under budget.

IF NOT you need to take some things away.

**\*\*ONLY** once you're happy with your budget and sure you are under the budget, you can glue down your cards and write your amounts in neatly.

If you would like to explore budgets in more detail then have a go at using the online budget calculator found here:

<https://www.moneyadviceservice.org.uk/en/tools/budget-planner>

Alternatively you can continue with using khanacademy and complete the lessons set for you on here.

<https://www.khanacademy.org/>

Use the class code:

**287PV2QQ**

Or I will continue to set work via Mathletics:

<https://login.mathletics.com/>

**1:00pm – Afternoon Zoom check in**

**STEM 1:30-2:30pm.**

Log into Scratch using your login details which will be Marywebb + your number in the register – I can let you know which number you are. The default password is Marywebb1.

Click onto tutorials and watch the code a cartoon tutorial then get busy creating your own cartoon by following and copying the steps set out.

Alternatively, if you don't have access to Scratch you can recreate this germs and soap experiment and write a short explanation of what this teaches us:

[https://www.youtube.com/watch?v= KirHm\\_sYfl](https://www.youtube.com/watch?v= KirHm_sYfl)

**Follow your passion: 2:30-3:30pm**

Do something of your choosing that follows your own passions. You could redo one of the activities from over the past few weeks or come up with something of your own. Whatever it is, I'd love to hear all about it.

If you would like to share anything with me from the day, please do so via email or by uploading an observation to Tapestry.

Joe
