

Each week we have chosen a theme for learning. This week's theme is 'independence' and during this week our tasks have been designed to help all our pupils develop the key skills necessary for independence.

Monday Timetable:

Please see below for our suggested timetable of lessons for today, this timetable is designed to mirror what we would have been doing in lessons in school.

9am – 9:30am – Work out and exercise.

<https://www.youtube.com/user/thebodycoach1/>

9:30am – Morning Zoom.

Lesson 1: English 9:45 – 10:15

Access Rapid Readers at

<https://www.activelearnprimary.co.uk/login?e=-1&c=0#rapid>

Your username is your first name and surname separated by a dot, e.g. joe.leppington

The password is password123

The school code is exyc

Lesson 2: Maths - Times Tables Practise 10:30 – 11:30

Watch the supermovers videos for the different times tables. Complete the attached sheet and play hit the button or TT rockstars to practise further.

<https://trockstars.com/>

<https://www.topmarks.co.uk/maths-games/hit-the-button>

1:00pm – Afternoon Zoom check in

John Muir Project. 1:30pm – 2:30pm

The John Muir project is a project designed to improve the environments of the local area. Therefore in these lessons I would like our pupils to think about how they can improve the local environment around them.

It is very important that everyone follows the social distancing guidelines set out by the government. So if you do not have access to a garden or another suitable place away from crowds, then please work on improving an indoor space instead.

It's a great time to get planting if you have any seeds around. Here are some other ideas:

- Clear and tidy the area (sweeping leaves, moving obstacles)
- Pick up litter (be sure to use gloves and other protective equipment)

- Sweeping up leaves
- Mow the grass (check with an adult first)
- Create a bird feeder.
- Weeding
- Planting new flowers / veg
- Painting or varnishing fences
- Pruning or cutting back plants

Share anything else you think of and we'll discuss these as a class. This will be an ongoing project that you can keep coming back to.

This week, if possible I'd like you to also take some time to reflect and write down or send me a short video or email explaining what you have done in your outdoor space over the last few weeks. I'd love to see some pictures!

Lesson 4: Food Technology. 2:30 onwards

For today, very simply, I want you to plan and cook something for dinner that you can make without support (or without too much support). You may want to talk through what you are going to make with your family first so they can help you get prepared.

Don't forget to serve and wash up independently too.

If you would like to share anything with me from the day, please do so via email or by uploading observations to Tapestry

Joe
