

Each week we have chosen a theme for learning. We are going to begin this week with the theme of 'Nature' and our activities involve learning more about the environment around us, getting out safely if we can and thinking about what we can do to help. Please remember to wash your hands for at least 20 seconds when you have been outdoors at all and make sure that clothes get a wash.

Tuesday Timetable:

Please see below for our suggested timetable of lessons for today, this timetable is designed to mirror what we would have been doing in lessons in school.

9am – 9:30am – Work out and exercise.

9:30am – Morning Zoom.

Lesson 1: Spelling: 9:45 – 10:15am

Complete the puzzle and practise putting your spelling words into sentences. I shall host a spelling test (for real this time!) every Tuesday morning so you can see how well you've learned the words.

<https://thewordsearch.com/puzzle/1109153/spellings-6/>

Lesson 2: Maths. 9:45am – 10:45 am

For our Maths lessons, I have used the materials from Mastery Mathematics website. This is set out with suggested weekly lessons. You can work through this at your own pace and I have attached the Year 3 work as an example. If you need a different level of challenge visit:

<https://www.mathematicsmastery.org/free-resources>

And choose the level that best suits you.

I'm aware that the guidance says you need to have dienes blocks, but I would advise simply drawing the numbers out as the guidance shows if you need to.

Alternatively you can continue with using khanacademy and complete the lessons set for you on here.

<https://www.khanacademy.org/>

Use the class code:

287PV2QQ

Or I will continue to set work via Mathletics.

<https://login.mathletics.com/>

1:00pm – Afternoon Zoom check in

Music. 1:30pm – 2:30pm

This week I want you to create your own piece of music around the theme of nature. You can either use instruments around the house, or a free music software such as Garageband (get your parents permission before installing new apps). Or you can even use body percussion and singing or make your own instruments.

Think about the sounds of nature – animal calls, the wind rustling, rain and how you might incorporate these into your creation.

Lesson 4: 2:30 – 3:30 PSHE:

In this lesson, I'd like you to complete an alphabet scavenger hunt on your daily walk or with what you find in the classroom. Print out the scavenger hunt and take a pencil with you. The sheet is in the resources attached.

If you would like to share anything with me from the day, please do so via email.

Joe
