

Each week we have chosen a theme for learning. This week's theme is 'independence' and during this week our tasks have been designed to help all our pupils develop the key skills necessary for independence.

### **Wednesday Timetable:**

Please see below for our suggested timetable of lessons for today, this timetable is designed to mirror what we would have been doing in lessons in school.

**9am – 9:30am – Work out and exercise.**

**9:30am – Morning Zoom.**

#### **Lesson 1: English**

For our English lesson today, I'd like you to get involved in making the weekly shopping lists. You can do this on paper or electronically.

At the moment, being prepared before you go to the shops is crucial as with social distancing it is advisable for no one to spend longer than they need to in the shops.

You will need to check what you currently have in the house and think about quantities and cost of the items you list.

Write neatly and afterwards check your spelling.

#### **Lesson 2: Maths.**

One of the key skills you will need to develop in Maths is to be able to subtract. I have put together this video on the counting on technique, which is one method you can use:

Or you can use the column method, which is explained here:

<https://www.khanacademy.org/math/arithmetic/arith-review-add-subtract/arith-review-regrouping-3-dig/v/basic-regrouping-or-borrowing-when-subtracting-three-digit-numbers>

This week I'd like you to practise solving subtraction problems. I have provided sheets of these and some problems in context for you to use.

Alternatively you can continue with using khanacademy and complete the lessons set for you on here.

**1:00pm – Afternoon Zoom check in**

**P.E: 1:30 – 3:30**

In today's P.E lesson I'd like you to watch the stream for our live P.E lesson featuring the Severndale staff and Dave Edwards from Shrewsbury town. The link is here:
