

Each week we have chosen a theme as the planet Earth. We shall be looking at how the Earth is formed, what causes Earthquakes and volcanoes, and some similarities and differences between different places on Earth. We will be focusing on non-fiction reading this week.

### **Monday Timetable:**

Please see below for our suggested timetable of lessons for today, this timetable is designed to mirror what we would have been doing in lessons in school.

**9am – 9:30am – Work out and exercise.**

<https://www.youtube.com/user/thebodycoach1/>

**9:30am – Morning Zoom.**

**Lesson 1: English 9:45 – 10:15**

Today I'd like you to read through the comprehension text 'Planet Earth and answer the questions posed. I shall give you some help in our 9:30a.m zoom session.

My tips:

1. Read the whole text through first
2. Read the first question.
3. Then look back in the text to find the answer.
4. Then tackle the second question and so on.

If you are finding this too tricky then you can:

Access Rapid Readers at

<https://www.activelearnprimary.co.uk/login?e=-1&c=0#rapid>

Your username is your first name and surname separated by a dot, e.g. joe.leppington

The password is password123

The school code is exyc.

**Lesson 2: Maths - Times Tables Practise 10:30 – 11:30**

Watch the supermovers videos for the different times tables. Complete the attached sheet and play hit the button to practise further. You can also go on TT Rockstars for the next few weeks.

<https://www.topmarks.co.uk/maths-games/hit-the-button>

**1:00pm – Afternoon Zoom check in**

**John Muir Project. 1:30pm – 2:30pm**

The John Muir project is a project designed to improve the environments of the local area. Therefore in these lessons I would like our pupils to think about how they can improve the local environment around them.

It is very important that everyone follows the social distancing guidelines set out by the government. So if you do not have access to a garden or another suitable place away from crowds, then please work on improving an indoor space instead.

It's a great time to get planting if you have any seeds around. Here are some other ideas:

- Clear and tidy the area (sweeping leaves, moving obstacles)
- Pick up litter (be sure to use gloves and other protective equipment)
- Sweeping up leaves
- Mow the grass (check with an adult first)
- Create a bird feeder.
- Weeding
- Planting new flowers / veg
- Painting or varnishing fences
- Pruning or cutting back plants

Share anything else you think of and we'll discuss these as a class. This will be an ongoing project that you can keep coming back to.

This week, with our focus on The Earth, I'd like you to try and create your own composting box:

<https://www.youtube.com/watch?v=JZqPOqbtI2Y>

#### **Lesson 4: Food Technology. 2:30 onwards**

This week to celebrate the Earth as our topic, I'd like you to cook a meal that may have originated in a different part of the world. I have included a pizza recipe in the resource pack, but feel free to cook a dish from anywhere you would like to. (ordering from the local takeaway doesn't count I'm afraid!)

If you would like to share anything with me from the day, please do so via email.

Joe
